

MEDICAL TOURISM IN GEORGIA

Georgia is a popular destination for medical tourism, offering a strong balance of affordability and quality care. It provides high-value treatments at significantly lower costs, especially for dental care, cosmetic procedures, and routine or moderately complex surgeries.

Its largely privatized healthcare system has led to modern clinics, patient-focused services, and fast access to specialists with minimal bureaucracy. With **prices often 50–80% lower** than in Western Europe or the United States, Georgia stands out as a practical and efficient choice for international patients.

GEORGIA HAS A MIXED HEALTHCARE SYSTEM:

PUBLIC (STATE-FUNDED)

Provides basic healthcare through a program called Universal Health Coverage (UHC)

PRIVATE SECTOR

Includes modern clinics and hospitals with higher-quality services

HEALTHCARE FOR FOREIGNERS WITH RESIDENCY

For foreign residents in Georgia, healthcare is mostly paid out-of-pocket or through insurance.

Costs typically start at around **€130** for a basic checkup and reach approximately **€340** for hospital treatment.

Prices vary significantly depending on the clinic and city. Many private clinics offer English-speaking staff, especially in major cities. Payment is usually required upfront or immediately after the service.

HOW TO GET HEALTHCARE CARD (FOREIGNERS WITH RESIDENCY)

To obtain a healthcare card, you must apply in person at a Public Service Hall, provide your documents, request healthcare eligibility, and wait for approval. Once accepted, you are officially covered under Georgia's healthcare system. It usually takes a few weeks.

REQUIRED DOCUMENTS:

- ✓ PASSPORT
- ✓ PROOF OF ADDRESS (E.G., RENTAL AGREEMENT OR UTILITY BILL)
- ✓ RESIDENCY PERMIT
- ✓ INCOME INFORMATION (ONLY IF APPLYING FOR SUBSIDIZED/FREE HEALTHCARE)

! Registration is linked to your personal ID number (ID code) issued in Georgia. Coverage starts only after approval, not from the application date.

HEALTHCARE FOR FOREIGNERS WITHOUT RESIDENCY

Foreigners without residency cannot use the state system, including UHC. Without insurance, foreigners must pay the full price upfront, even in emergencies (except for life-threatening stabilization). They must have international or travel insurance.

FROM 2026, PROOF OF HEALTH INSURANCE IS MANDATORY FOR ENTRY INTO GEORGIA.

- CIGNA
- ALLIANZ
- BUPA GLOBAL

HOW FOREIGNERS CAN GET HEALTHCARE:

AFTER ARRIVAL:

CHOOSE:

- ✓ PRIVATE CLINIC
- ✓ LOCAL INSURANCE PLAN (FOR LONGER STAYS)

FOR A LONG-TERM STAY:

- ✓ GET RESIDENCY → ACCESS LIMITED UHC
- ✓ PRIVATE INSURANCE IS STILL RECOMMENDED

! Foreigners should always have their insurance documents and passport copies with them when visiting clinics. Some clinics require appointment booking in advance, especially for specialists.

MODERN PRIVATE HEALTHCARE SYSTEM

Healthcare in Georgia is predominantly privatized, which has directly influenced the quality and accessibility of services. Many private clinics feature:

MODERN MEDICAL
EQUIPMENT

CLEAN, WELL-
MAINTAINED FACILITIES

A STRONG FOCUS ON PATIENT
COMFORT AND SERVICE QUALITY

This structure encourages competition, which in turn improves service standards while keeping costs relatively low.

AFFORDABILITY AND COST ADVANTAGE

One of Georgia's strongest advantages is its pricing. Patients can expect:

PROCEDURES THAT ARE
50–80% CHEAPER
THAN IN WESTERN
COUNTRIES

AFFORDABLE CONSULTA-
TIONS, DIAGNOSTICS,
AND DENTAL SERVICES

TRANSPARENT PRICING,
OFTEN OFFERED AS
PACKAGE DEALS

The price difference is primarily due to economic factors rather than reduced quality:

- LOWER SALARIES FOR MEDICAL PROFESSIONALS
- COMPETITIVE MARKET TARGETING MEDICAL TOURISTS
- REDUCED OPERATIONAL AND FACILITY COSTS
- BUNDLED PRICING FOR TREATMENTS AND RECOVERY SERVICES

FAST ACCESS TO TREATMENT

Unlike healthcare systems in countries such as the United Kingdom or Canada, Georgia offers:

RAPID ACCESS TO SPECIALISTS
(OFTEN WITHIN DAYS)

QUICK SCHEDULING
FOR SURGERIES

MINIMAL ADMINISTRATIVE
DELAYS

THIS MAKES IT ESPECIALLY ATTRACTIVE FOR PATIENTS WHO WANT TO AVOID LONG WAITING LISTS.
